Synopsis

Oral and Maxillofacial Surgery Second Edition gives a concise and structured overview of current maxillofacial practice in a user friendly format. The handbook covers all specifics concerned with the diagnosis and surgical treatment of diseases affecting the mouth, jaws, face and neck. It is particularly useful to trainees in maxillofacial surgery at both junior and senior level, working towards the MFJDS and the FRCS and comprehensively covers the syllabus for exit FRCS (OMFS).The new edition updates this Oxford Specialist Handbook with respect to new evidence, practice and revised guidelines.

Customer Reviews

Review from previous edition: "the layout is clear, inviting and user friendly. Line drawings are clear and easily understood, photographs are well reproduced and display the essential features, the text is easy to read... [this book should] be read by clinicians at all levels readable enough to have become a coffee break favourite, yet detailed enough to provide enough back-up for the advanced procedures seen in a busy unit. Fantastic!" --Dr Robert Bale BDS"Edited by two leading consultant oral and max/fax surgeons...a very comprehensive, authoritative and concise text has been written...a worthy companion to undergraduate students, candidates studying for MFDS/MJDF and specialist trainees at both junior and senior level...information is easy to find and refer to 'on the job'...this book will share the success of the rest of the Oxford Handbooks series for many editions to come...every oral and max/fax trainee in the country is eagerly anticipating its arrival." --British

Dental Journal

Carrie Newlands, Consultant Oral and Maxillofacial Surgeon, Royal Surrey County Hospital, Guildford,Cyrus Kerawala, Consultant Maxillofacial/ Head and Neck Surgeon, Royal Marsden Hospital, LondonCyrus Kerawala graduated from the University of London with honours degrees in both dentistry (The London Hospital, 1985) and medicine (St George's Hospital, 1992). After specialist training in the North East of England he was appointed as a Consultant in September 1999 and spent eight years at the Royal Surrey County Hospital in Guildford and North Hampshire Hospital in Basingstoke before moving to join the Head and Neck Unit at the Royal Marsden Hospital in May 2008. His main research areas concern free tissue transfer, marginal control of disease and management of the neck. He is an examiner for the exit FRCS and in July 2013 was appointed as Clinical Lead for the NICE guidelines in upper airways tract cancer.Carrie Newlands is a Consultant Oral and Maxillofacial Surgeon at the Royal Surrey County Hospital in Guildford. She was appointed in 2003 following training in Ireland and the south of England. She is an examiner for the Royal College of Surgeons in the exit FRCS OMFS and National Clinical Lead for the Department of Health e-Learning project in oral and maxillofacial surgery. Her interests include medical education and the management and reconstruction of patients with skin cancer, facial deformity and salivary gland disorders.

very very nice book

great
