Blessing Or Curse: You Can Choose

Synopsis

Life's trials and triumphs can seem accidental. One person may feel that life is a constant struggle in which pitfalls abound and someone seems out to get him. Another may feel that every day is a gift from God with special blessings just for her. That's because forces are at work in our lives: the blessings of a loving God or the curses of our spiritual adversary. This hugely popular classic work of Derek Prince helps readers recognize if there are curses at work in their lives and shows them how to get out from under those curses to live under God's blessings. This third edition of *Blessing or Curse* includes an extensive new study guide for small group or individual use.

Hosea 4:6 - My people are destroyed from lack of knowledge. "Because you have rejected knowledge, I also reject you as my priests; because you have ignored the law of your God, I also will ignore your children. If even one person can read this book (which is really the Word of God) and be set free from demonic bondage then Praise God. As I sit here and review this book my place of work is having a Harry Potter week - every single one of the people here are Christians - every one of them - they go to church at least 3 times per week, are good people, and hard workers who care about each other and their customers. They have no understanding about the spiritual doors that are being opened up by this idolatry. Idolatry, sorcery, enmity, strife, jealousy, fits of anger, rivalries, dissensions, divisions, envy, drunkenness, orgies, and things like these. I warn you, as I warned you before, that those who do such things will not inherit the kingdom of God. I was delivered from a spirit of shamanism 3 years ago. I was heavily involved in shamanistic practices from almost 20 years - it is a very powerful force which is not from the one true living God. The deliverance took almost 2 years from the time I started repenting from my past until I was delivered. The moment of deliverance was excruciating but the years of torment were debilitating. My involvement in these practices brought curse onto me and my family. We, me and my family, are now free. Also, I have had many curses broken off of me. One in particular had been placed on me when I was a young child. Several nights a week for my entire life I would have these very intense and terrifying dreams about an evil presence that was threatening me as I slept. This presence would be in any house I was in when I was dreaming. As a child I would run away in my dreams. As I got older and learned more about the power of the word of God, I became more bold and began to hunt this spirit down in my dreams, but I could never find it. It was just an awful experience night after night after night with no relief. The fear that I felt was like hanging on edge of a very high building knowing that you were going to fall when your grip gave out. Then one night, as I began to dream, I began to hunt for this spirit. I got closer and closer then suddenly I woke up with a word from God about being under a

curse. He told me what the curse was and who had placed it on me. I immediately began to pray about it and was released after about an hour of battle. That presence is totally absent from my life now. I found out years later that in voodoo, the name of the spirit is the "Waster" spirit. Now the big picture here is that this is just a book. BUT... it teaches the principles of the Word of God. Unfortunately, a vast majority of professing Christians - nullify the word of God by their traditions that have been handed down - they have not been taught the truth. And sadly, very sadly, I have tried to share this with many Christians and they absolutely refuse to listen and receive. Isaiah was right when he prophesied about you: `These people honor me with their lips, but their hearts are far from me. They worship me in vain; their teachings are merely human rules. Jesus said, "...And if the blind lead the blind, both shall fall into the ditch." Isaiah wrote, "For the leaders of this people cause them to err; and they that are led by them are destroyed. For the time will come when people will not put up with sound doctrine. Instead, to suit their own desires, they will gather around them a great number of teachers to say what their itching ears want to hear. This book provides rock solid teaching from the Word of God. I have given you personal testimony of the blessings I have received from this teaching. It is just like the title says - Blessing or Curse - YOU CAN CHOOSE. So if you made it this far in my review, maybe God has spoken to your heart. You don't really need this book to receive the blessings, they are in the Word of God, but this book provides a great teaching that is available to all who hear His voice.

A totally outstanding book. I am familiar with some of his other books and many of his available presentations, but I would be so bold as to offer the opinion that this book may be one of the most foundational and definitive books on core Christian truths that may have ever been written outside of the Bible. In addition, one of the great strengths of this book is the remarkably practical nature of his teaching. I believe that if his suggestions are implemented faithfully by the reader, they will have life-changing impact. My first plan after completing this book is to go right back to the beginning and read it again. I anticipate that I may read this book many times considering the profound and practical implications of his insights. I cannot recommend this book highly enough to any true Christian who seeks a deeper relationship with God and more effectiveness in every area of their life, or for the person who is seeking and has a reasonable familiarity with Christian doctrine and truths as I believe this book could also be effective for folks who are in a more formative stage of their faith and relationship with God.

The subject for this book is NOT interesting for the Christian Believer. It is SO MUCH MORE than

that!! It may change your life in your relationship with Christ forever! Not every Christian is under a generational curse or self imposed curses, but if you are...this will be a great guide to help you discover going from what a cursed life is, to a peaceful blessed life in Christ with victory over your sin. I went from 20 years of being a born-again Believer still walking in curses in life, to being set free and truly walking in blessing. The book came into my life while trying to rid myself of demonic influence and sinful strongholds. During the most tormenting season in my life, Derek Prince Ministries was suggested to me. I was skeptical at best, but in serious need of help. After reading Curses & Blessing, my eyes were opened. I confessed all the activity and renounced it. At the end of the book there is a prayer that I read and made it my own. That was 6 months ago. I am now on the path from being seriously tormented daily, to having Christ lead me to a call of being in the missions field! I never would have guessed that a year ago! I was very much stumbling in sin and miserably hopeless trying to figure out why I was always on a rollercoaster ride with God. I never really got it until I read this book. The Lord is now the Stronghold of my life! If you are a Christian feeling hopeless and trying to understand why you fall back into sin so easily and seem to backslide more often than not, this book cannot help you....only the Lord can.... and will when you are honest & truthful with Him. This book can be a tool to help you understand that truth more clearly. THERE IS HOPE FOR YOU!!! My eyes are opened now, and ongoing sin is no longer winning. I have victory in my Savior now!

God brought all of creation into existence by His spoken word; and we being created in God's image have great power in our spoken word as well. Derek Prince reveals how our words can affect our lives and the lives of others, both positively as well as negatively. Before reading this book I was unaware of the tremendous power God has placed in our tongues to bless or to curse. Since reading this book I have kept a close watch on my tongue, choosing to the best of my ability to use my words as a force for good in the lives of the people I know and love, and so as to give give greater praise, honor and glory to God. Derek Prince teaches how to destroy generational curses (something I knew nothing about before reading Derek Prince's books) that are inherited from our family tree. Once we know how to destroy these generational curses we can receive the blessings God desires to shower upon us. A great book for me is one in which I learn something. I have learned much from this book.
