Travels With Baby: The Ultimate Guide For Planning Travel With Your Baby, Toddler, And Preschooler

Synopsis

Winner of the Lowell Thomas Bronze Award in Guidebooks from the Society of American Travel Writers Foundation (SATWF) and Silver Winner in Parenting Resources in the National Parenting Publication Awards competition. From award-winning family travel author and blogger Shelly Rivoli comes this revised and expanded second edition of her original *Travels with Baby* guide, which received a NAPPA Gold Award in Parenting Resources and was a finalist for two ForeWord Magazine Book of the Year Awards (Parenting and Travel Guides). *Travels with Baby* helps parents plan virtually every trip they take with their child from birth through four years, from the earliest weekend getaways to overseas adventures. Airline and cruise line comparison charts, as well as all-inclusive resort and hotel comparisons, help parents pinpoint where their vacation dollars and time may best be spent, based on the ages of their young children, interests, and needs. Family road trips are also addressed in detail, as well as train travel with children in the U.S., Canada, and Europe. However, getting from A to B is only one small part of successful travel with the younger set, as the author and mother of three knows very well. Additional sections offer a wealth of helpful information on topics including: * traveling with children of different temperaments, * managing changes in sleeping and feeding routines, * reserving and using airplane bassinets for overseas flights, * traveling with potty trainees, * packing lists and checklists, * traveler's health issues for young children and breastfeeding mothers, * childproofing during travel, * and helpful suggestions for where to travel when during a child's first years. Plenty of money-saving tips are included along the way, as well as additional websites and resources to simplify travel planning for busy parents.

Shelly Rivoli has changed diapers on four continents and several islands, and is the award-winning author behind the original Travels with Baby guidebook, Take-Along Travels with Baby companion guide, and the Travels with Baby website and blog. Among other accolades, she received the 2012 Bronze Award in Travel Blogs from the North American Travel Journalists Association (NATJA). Ms. Rivoli's tips and advice have been quoted by major media and numerous magazines, including Boston Globe, L.A. Times, American Baby, Parents, Pregnancy, Parent & Child, and TimeOut New York Kids. She has also made multiple radio appearances sharing tips and advice for enjoying travel with young children and was a recurring guest on ABC 7's View from the Bay. She lives in the San Francisco Bay Area with her husband and three children.

Travels with Baby... is an easy to use reference book for young families on the go. Logically organized chapters with plenty of bold-faced headers and bullet point lists help you find what you need quickly. Throughout the book, concise anecdotal nuggets straight from the author's voice of experience bring helpful info and "life" to the subject at hand. Even captions under the pictures are full of helpful tips! A perfect gift for new parents!

I have an upcoming trip involving a 4 hour round trip flight with my husband, 20 month old, and 2 month old. I was very concerned before reading this book, but now feel more confident because of her wonderful advice. I feel much more prepared and can envision how to address needs and problems as they arise. It seems like she's thought of just about everything and definitely addressed all the questions and concerns I had. I highly recommend this book for anyone who plans to travel with small children.

This book was so extremely helpful to me in preparing for a family's first trans-Atlantic trip with our 16 month old but it has information for all modes of travel and destinations! I will definitely be using the information for our road trips too. It has so many helpful pieces of information that I would never have thought of on my own, such as easy ways to move all your luggage through the airport when you have a stroller, car seat, and multiple suitcases.

Fantastic! After much research and reading reviews I chose this book to study up on traveling with babies and kids. Excellent choice! She has so many wonderful and ingenious tips, I can hardly put this book down! My husband has to listen to me constantly repeating back all the exciting ideas I've

found! :) I liked it so much I bought a second one for a friend who's also expecting, and who also loves to travel.

What a wonderful book! It has given me the reassurance that travelling with my baby is indeed possible. Highly recommended!

We traveled to Italy this past summer and I was a NERVOUS wreck about traveling with an infant! My son was 9 months at the time. This book was very helpful and it helped me to prepare for the trip. I recommend it and feel that the author covers all avenues.

There is a lot of good information in here. This book has been especially helpful in our planning of a camping trip and a trip on a plane this year.

Great baby shower gift for the well traveled parents to be...
