The Legend Of Annie Murphy (Library Edition) (The Cooper Kids Adventure Series)

Synopsis

Two vague shapes were coming toward Jacob Cooper, floating and drifting through the ruins like wisps of smoke. Dr. Cooper jumped up, “Jay! Lila! Are you there? Can you hear me?”

In 1885, the Murphy mine struck gold. According to legend, Annie Murphy killed her husband out of greed. Just before she was to be hanged for the murder, she escaped. Now, a hundred years later, there have been sightings of Annie Murphy’s “ghost.”

The Coopers unwittingly become involved in a mystery that finds them caught between the past and the present.

Frank E. Peretti is a natural storyteller who, as a youngster in Seattle, regularly gathered the neighborhood children for animated storytelling sessions. Frank’s adult and children’s novels combined have now sold more than 5.2 million copies. The Legend of Annie Murphy is the seventh book in The Cooper Kids Adventure Series®. Frank and his wife Barbara Jean live in the Northwest, where they enjoy fishing, bluegrass music, bicycling, and hiking.

I have enjoyed most of Frank Peretti’s books. My favorite it’s MONSTER and The Visitation .

My 11 year old loved the whole series. He did not like this one as much due to the ghost theme.

I recommend this to young readers or to older kids that just feel bored and want the next book. I liked how this book had a very technical and educational background.

Frank Peretti knows how to read a book aloud. Very enjoyable! Good for elementary through adult ages.

A great book for the kid inside us all. In the spirit of the old "Hardy Boys" adventures I took a trip back to my coming of age days with this great little story. Though fictitious it captures the innocence of our youth coupled with adventure and mystery culminating into a fun book for anyone who is perpetually 14. Loved it.

This was my favorite series growing up, and I love that I can share in this experience with my children now! These books are amazing and subtly bring God in so the kids don't think they are reading the Bible, but they pick up on key elements of the Gospel!

Daughter loves these

My son was truly fascinated by this book. He found it to be a very good read. I was overjoyed to know he loved the book so much. The book was delivered on time and in excellent condition.
