Needed patterns to teach some young folks. Since there are many variations of the ripple stitch, this seemed to be the perfect book and it is and the kids are loving the patterns and doing quite well

Looking forward to starting several afghans once the weather starts to cool. These will be great for the upcoming fall and winter seasons.

I tried to do one of the afghans in this book and just couldn't figure it out. I got help from another lady that does a lot of crocheting and she couldn't do it either. We were wondering if there was a misprint in the directions.

Very nice ripple afghan patterns, though the one on the cover is, IMO, the best one. I am making it

and it is beautiful! Downloading from Kindle was easy, but copying the pattern on paper so I could work away from my computer took some finagling. Can be done, though.

Easy patterns but my copy was missing 2 pages which was the pattern to the 6th afghan.

Great little book! Have made 2 of the afghans already!

Haven't used it yet, but at least it shows one of the patterns I wanted!

interesting projects.
