## Customer Reviews

Was very helpful. Wish they also offered one for English.

Lots of great problems. I wish I could tear out the pages so that I don't have to carry the whole book around.

good book.

used it for my daughters psat review.. very helpful.. love the explanation in the front of each set of questions..

It was perfect!!!

Great Book explaining concept in simple Language.

Explanations are often unclear and confusing and sometimes contain grammatical mistakes. Did not help in preparing for the test. You may be better off using a regular SAT prep book.

Good too. Wish they had one for the English portion of the PSAT 8/9
