Kelly Ewing is a writer and editor who lives in the wonderful community of Fishers, Indiana, with her

husband Mark, her daughter Katie, her son Carter, and furry canine friend Cheyenne. She has coauthored several books, including The Internet All-in-One Desk Reference For Dummies, PCs All-in-One Desk Reference For Dummies, and Direct Mail For Dummies. She has ghostwritten several books and edited more than 75 books on a variety of topics. She also writes articles on sports, travel, and human interest for several newspapers. In her spare time – when she can find it! – she enjoys spending time with her kids, reading, walking, writing, scrapbooking, cooking, and doing crafts.

If you wanted to know everything about buying a kit from the store, mixing and pouring it, then this is the book for you. If you want to learn how to "make" soap, then keep looking. I would have given it a one star, but there was some useful info on aromatherapy and business modeling.

Though there are several how-to contradictions, sometimes on the same page, the overall body of knowledge is well worth the price. Recommend.

Disappointed in this book. Very little information on candles other than the highest & most general. Nothing on cold soap making, only shaving commercial soap, & melt & pour method. I would keep looking.

I thought this book was perfect for a beginning candlemaker like myself. It was easy reading and gave helpful hints what and not to do when making candles.

love it! easy to understand and it has some simple "kid friendly" projects, which are really neat!

There are so many creative ideas in this book that I can't wait to try. Being a beginner, this book was well put together in my opinion. It is easy to read the the author does have a sense of humor.

Fun to read

It should be made clear the soap here is strictly melt and pour.
