Customer Reviews

While reading, unconsciously I began to underline and highlight the spiritual teachings. Upon finishing the book, I leafed through the pages, and discovered. The majority of the book had been underlined, and notes placed at the margins. This book truly has a high ranking with my collection of books on spirituality. I highly recommend it.

The author builds a beautiful foundation in the beginning in telling his personal story then he succinctly tells the reader how they can achieve what he has achieved in the awakening process. Great book, highly recommend to anyone who is a seeker.

Excellent work. Yes, there must be a lot of work writing this. An eye opener. Thank you!!!

A good spiritual book although a bit of seemingly unnecessary diversion through drug experience otherwise it would be a ten

I enjoyed it.

Excellent

A very practical hands-on guide to those who wish to set foot on the spiritual unfoldment path. Recommended to anyone who would like to gain true peace in mind, body, and soul.

Good read
