Customer Reviews

"There's darkness in each one of us, but we don't have to fear the darkness when we walk in the light." I'm sad and thankful this series is over. Sad because I truly loved these characters and will miss reading about them (I could imagine they'll be in my head for a while though). However, I'm

thankful it is too because that ending was worth everything I saw these characters go through. Them holding onto their faith was worth it. Them expelling fear was worth it. Truly, this book was most likely my favorite out of the series. However, I was surprised by the ending originally, but after sitting there with the last page read, I realized it was just what I needed. It spoke so much more powerfully than I could have ever thought or imagined. It also encouraged me too. We also get to see old friends again! It definitely bolstered me just as much as it did Lennox. Lastly, but certainly not least, we also see more of the true testimony of the Word of God. He truly is not a liar and this book (even though fictional) is a testament of that. If you enjoy reading, I definitely encourage readers to check it out, even if you don't like dystopian. It's powerful and is a story that's not going to leave my mind anytime soon. I could imagine it will be the same for other readers too.* (I received this book from the author in exchange for an honest review. All thoughts expressed are my own and was not required to write a positive review.)*

It was with a bit of relief [after reading several non-believing books recently] I opened Mandy's Christian Dystopian Fiction Conqueror a few days ago. As the summation of the Defier series, I was curious to see where she would take it. I am not disappointed. The bad guy is still horrific. The danger is compelling and believable. The blurb: Lennox is a wonderful main character - vulnerable and inspiring. The entire group called to resist the Regime is a blessing to read about. The story brings hope and joy. It has a wonderful conclusion. Definitely Christian Dystopian Fiction Conqueror! It's a joy to read a solidly Christian adventure novel. I'm so tired of heathen tales - especially the ones posing as Christian fiction. This book does not disappoint. I awarded Mandy the Redemptive award, both for this book and for the series. It is very well done, clearly Christian, and inspiring. You will enjoy it, your kids will like it. It would probably even make a good discussion book for a youth group. I'm grateful Mandy sent me a free review copy. It did not affect the review in any way.
