Can't You Make Them Behave, King George?

Synopsis

This entertaining volume, by Newbery Honor-winning author Jean Fritz, sheds light on the life of England's King George III. It begins when he was a bashful boy who blushed easily, goes on to his early days as king, and finally examines his role in the American Revolution - when Americans ceased to think of him as good King George. Fascinating history made accessible for young readers. "The lively text includes plenty of amusing, personality-revealing anecdotes . . ."--Children's Literature

Grade Level: 2 - 4

Customer Reviews

Acclaimed biographer, Jean Fritz, was born in China to American missionaries on November 16, 1915. Living there until she was almost thirteen sparked a lifelong interest in American history. She wrote about her childhood in China in *Homesick, My Own Story*, a Newbery Honor Book and winner of the National Book Award. Ms. Fritz was the author of forty-five books for children and young people. Many center on historical American figures, gaining her a reputation as the premier author of biographies for children and young people. Among the other prestigious awards Ms. Fritz has garnered are: the National Humanities Medal,

the Laura Ingalls Wilder Award, the May Hill Arbuthnot Lecture Award, the Christopher Award, the Boston Globe-Horn Book Non-Fiction Award, a New York Times Notable Book of the Year, and many ALA Notable Books of the Year, School Library Journal Best Books of the Year, and ALA Booklist Editors' Choice Awards. She passed away on May 14, 2017.

My daughter was assigned this book as one of her summer reading books. (She is in fourth grade.) She read through it rather quick so it seems good for her age group. This book takes a humorous approach to the historical facts, and the picture emphasize this. The book also speaks about King George as a child so the kids can relate. The Illustrations are definitely a plus and I overheard her explaining something funny in the book to her cousin, a sure sign of liking a book...I would recommend it to any kid around a 3rd grade reading level or above, especially if they have any interest in history. It is not overflowing with facts, so it may not be good for a report, but rather as a non-fiction reading book.

Quick good story, kept my daughter interested.

Great book, particularly if you are trying to get students to see the English side of the Revolutionary War.

Great story telling for my son... Fritz's books make learning history fun! We have already ordered 2 more and surely will enjoy just as much!

This is one of my favorite children history book. Gives the other side of the American Revolutionary War. highly recommend the book.

Perfect!

Required reading for my daughter. Thanks so much.

This is a really good book for all ages.
