Make Your Own Manga: Create Your Own Original Anime Stories And Manga Comics!

Synopsis

Action-packed anime stories written by you! What's behind those big, bright eyes? Why is the student attacking the master? What's inside that box? That's up to you to decide! Featuring fifteen fully illustrated stories from five acclaimed artists, *Make Your Own Manga* will inspire you to inject your own imagination into the dialogue of each comic. A simple flip of the page and you'll find that each illustration is bursting with potential as you create your own heroes and villains, heartbreaks and disasters. You'll decide how the story will go--why the young shinobi picked up his master's sword or who betrayed the celestial queen--because after all, you control your characters' fates. With *Make Your Own Manga*, the power to create lies in your hands, so choose your words wisely.

Elaine Tipping illustrates *Dubious Company*, *Licensed Heroes*, and a retelling of *Peter Pan* in manga format. Gar Molloy writes and illustrates *Neko the Kitty* with his wife. Robin Edwards writes and illustrates the web comic *Cardboard Angel*. Erwin Prasetya is the artist for *Blade Bunny*.

"*Make Your Own Manga*" provides a new twist for the growing audience for graphic novels. There are many "how to" books for creating Manga style cartoons. This book is different. Four Manga artists provide the art work for 13 cartoon stories with the word bubbles left blank. The reader creates a story line that explains the pictures. As the introduction says, "We provide the art. You provide the story." It's sort of a "choose your own adventure" in Manga style. "*Make Your Own*

Manga" provides inspiration for creative writing while demonstrating several different Manga styles. It will appeal to either gender and would work especially well for junior high and high school age students interested in Manga. This would make a good birthday or holiday gift for a budding writer. But even adults will enjoy this creative challenge. The book is printed on high quality paper, and is cleverly illustrated and well bound. I hesitate to spoil the eye-catching pages by filling in the word bubbles.
