Customer Reviews

Just before the turn of the millennium, a quiet but gnawing voice drew Tony Stromberg out of his roots in commercial photography and deep into the soul of the West. He began his pilgrimage away from the frenetic world of advertising and into a world possessing a respect for nature and the land. Since then he has spent much of his time learning the nuances of his most beloved equine

companions in their natural environment. The spirit of the horse is a magnificent teacher to humanity, he says. Stromberg's work is an homage to the equine spirit and a celebration of horses' remarkable presence in our lives. Often referred to as visual poetry, his images reveal the incredible beauty and grace of the horse. His books Spirit Horses and The Forgotten Horses are published by New World Library.

This was a gift to niece who loves horses. We get one of these for her every year and she loves the calendar.

Buy this calendar every year. Fabulous photography, great gift for the horse lover. Also the day squares are really large for notes.

Great calendar

I love Tony Stromberg's work. This calendar is beautiful. I purchase a Spirit Horses calendar every year.

Bought as a gift and was excellent choice. Photographs are stunning and high resolution on matte coated paper. Was a big hit with the recipient.

Arrived on time, might even have been early. Product looks just the way it should. It's a gift so haven't removed the shrink wrap.
