Best Sellers Rank: #740,065 in Books (See Top 100 in Books) #84 in Books > Crafts, Hobbies & Home > Crafts & Hobbies > Needlecrafts & Textile Crafts > Needlepoint

Customer Reviews

This book has several patterns that I plan on attempting in the next few projects. However, when I was considering the purchase of the book, I was unable to find a complete listing of the designs included in the book (always helpful when purchasing something like this). You can find part of the list, along with corresponding pictures of the designs at the Beth Russell Needlepoint website under "Needlepoint Books." However, in an attempt to help other -ers, here is a list of the designs: *Compton*Hare*Fox*Woodpecker*Honeysuckle (bell pull)*Flowerpot*Jackfield Rose*African Marigold*Jasmine (with an alphabet to customize)*Pomegranate (rug)*Morris*Kazak (rug as well as bag w/ strap)*Anemones*Owls*Rabbits*Frog &Stork*Annie Jack*Bird & LeafThe designs really are beautiful and traditional, and I think it is going to make a wonderful addition to my needlepoint books.

This is one of my favorite needlepoint books. Beth Russell shows examples of some portions in both needlepoint and cross-stitch and encourages readers to use different aspects of each design for spot motifs. With photos of historical needlework that she used as inspiration for each design, it is a well-planned book for all skill levels. The photos are wonderful, the full color charts are perfect, and it's a really great read as well. I recommend it.

Definitely not for beginner or middle of the road needlepointer.... Beautiful and intricate designs this is the kind of art you work on without any outside interference

great

The book has beautiful pictures and great patterns , I bought the book to get ideas to create a pattern for my next traditional rug hooking rug. The book makes me want to learn how to do needlepoint so I think I will work up a couple pillows in needlepoint to go with the rug

Nice book

Condition as described

love this book
