Reliable, readable Rough Guides Conde Nast Traveller

Using this book now in croatia. Dont even need a guide!

Good information and easy to read

Great general guide!

The rough guides are my favorite travel guides. I was hoping for a bit more information on available excursions in the various islands.

maybe in paper; not a good book for tablet. moving from one section to another is not easy. has some different info than other guides on the plus side.

solid suggestions but not the best guide i have ever had. the history section was disappointing - it did not help clarify the very complicated history nor did it offer a lot about the culture.

I really enjoyed this guide on my trip! I used it daily when I was traveling... Great maps, really great suggestions for food and day trips. If you're going to Croatia, chat up the locals... they are VERY friendly, especially when you get outside the tourist traps. I would also avoid the tempting coastal drive, really beautiful but not worth the extra time spent and nerve racking turns with huge buses and locals racing by you. haha! BEAUTIFUL country!

One of the best guides I've purchased. Lots of good tips and advice around getting to know this island - which for me has special meaning since I have an ancestor who immigrated from here in the mid-1800's. Can't wait to visit the place.
