33 The Series, Vol. 1: Training Guide - A Man And His Design

Synopsis

33 The Series: A Man and His Design - Training Guide is a 6 session Bible study that builds upon many of the timeless truths taught by Robert Lewis in the original Men's Fraternity curriculum but also includes new material on authentic manhood. The series is designed to inspire and equip men to pursue authentic manhood as modeled by Jesus Christ in His 33 years on earth. Volume I contains six sessions that explore the basic foundations of authentic manhood and God's clear design for men. This first volume of 33 starts with meaningful insights into the current state of manhood, which will help men navigate through some realities that have created cultural confusion. It follows by unfolding God's mandates for all men and offering a clear definition of authentic manhood that will help men on their journey. Each participant will learn the four "faces" of manhood and how to anticipate and transition through the specific seasons of life

The Men's Group at our church in Alaska loved this series. The series is multicultural in approach and multi generational as well. The art and graphics and superb for its day. It has relevant history early on in the series which sparked great discussion between men in a very new group.

This is an awesome Series about a man and his walk as exemplified by Jesus in the 33 years of his life on earth. Lead courageously, reject passivity, and live eternally.

Excellent value! This is an awesome men study guide for 33 The Series. Use this in my men Bible study group. I recommend it highly.
