Orion: Star Guardians, Book 1

Synopsis

Tattooed, muscled, and fierce, they look like felons, but these highly trained agents are humanity's protectors, the only ones standing between Earth and the threats of the galaxy. They are the Star Guardians. A born geek, Juanita has dreamed of exploring the stars for as long as she can remember. Getting kidnapped by slavers from another planet? Not so much. If she's lucky, she might be able to convince the hot guy protecting her from the others to help her escape. A bounty hunter allied with the Star Guardians, Orion is undercover on the slavers' ship, plotting to end their kidnapping trips to Earth. He didn't expect to meet someone as funny, sexy, and determined as Juanita among the victims. He wants to protect her from the thugs molesting her, but that could blow his cover and jeopardize his mission. He must choose between keeping her safe and dooming Earth to be a target for slavers forever.

Gotta Love Orion! Younger rebellious brother who both adored and sometimes the success of his

older brother Sage! Once trying to follow in his brothers footsteps and seemingly failing and taking a different path to still help in the fight against those that threatened his people. A path of a Bounty Hunter that was frowned upon by his older brother who thought of it as not being honorable... But fate had plans for these two brothers as their paths was destined to cross in a BIG way! Reading this book in this series only made me want to read more...

I love Alien stories,the aliens are always so considerate of their hostages.Juanita wanted an adventure and she got one.Orion was under cover and couldn't believe his luck when he came across Juanita.He was protecting her from the other aliens.Juanita has such a loud disposition that she surprised all of her captors.This book was great I can't wait to read the next one.

I kept seeing this one pop up in my Facebook feed and thought to myself, this looks interesting. Well after one clicking, I got right stuck into reading it and literally couldn't put this baby down. I'm very much looking forward to reading more in this series. Great first book to a new series Ruby!!!

Loved this first book in the series! Juanita and Orion have great chemistry and work great together! Love their geekiness together and the humor overall.

A good read.. looking forward to reading the rest of the series. Juanita is one gutsy lady, and doesnt seem at all put out to much by the circumstance she and oth errs are in. She is attracted to orion a bounty hunter. A lovely read

This is the first book I have read by Ms Lionsdrake. I was definitely not disappointed! There was so much action and romance thAt I could not put the book down! I am definitely buying the next in the series right away! Well done!

An enjoyable read. Action and romance without too much of the mushy stuff. Looking forward to the next story. Give it a shot.

I'm a science fiction fan. Have been for over 6 decades. This is an interesting take on an adult novel that's well written with rather colorful scenes and characters. A bit too detailed, but hey, its for grown-ups.
