## Customer Reviews

Victor Borg has a well established background in travel writing having been published in Malta, the UK and the USA. He is a regular columnist for the Maltese daily paper, Malta Today.

This guide book had all of the essentials, decent explanations and was well organized. If this is the only book available, buy it without a second thought. It definitely passes the test. However, the book was missing a political history, which is a necessary context that helps me understand the country I am visiting. It also didn't have as much editorializing, i.e., Top 10 lists of Must-See, Avoid, B-List tourist attractions, as I would have liked. The street maps inside the book were OK, but a pull-out

map of central areas would be an improvement. In sum, definitely alright but room for improvement.
