Customer Reviews

"This book was great for someone like me who wants to learn more about social media and who has no previous experience with marketing. The book gave me lots of tips and suggestions and was very clear and easy to read. Very useful!" - Lindsay O'Brien
"This book is just brilliant! Brimful of information, hints & tips to make Social Media Marketing as easy as 1-2-3." - Lynne Beclu

Gundi Gabrielle is a 5-time #1 Bestselling Author, Internet Entrepreneur and Digital Nomad. As a former Carnegie Hall conductor and Concert Organist, she decided 3 years ago to make a bold

change in her life, packed up a few belongings and drove all the way from Santa Monica, California, to Alaska. She has been traveling ever since and loves exploring this beautiful world without being tied to one place. She has road tripped through all 50 US States and parts of Canada, lived in several European countries for a number of years and visited most of Europe, as well South America, Southern Africa, Australia, New Zealand and many countries in South East Asia and the Middle East. She runs the Travel Blog SassyZenGirl, writes travel and blogging books and often house or farm sits along her travels, nurturing her love for animals and solitude. She has no plans of settling down anytime soon...

I love this book! I read it just a few days ago and was able to organize my YouTube channel. My 7 minute intro video is very straight to the point with my watchers. They know exactly what I have to offer and how it can help them. I no longer have a blog because I'm too ADHD to sit and write out posts. :-P I do everything by video so I can speak my mind and people see my emotions. This book will also help you set up your very own blog. I'm not sure what I have, is it a vlog? Perhaps. Chapter one is the meat, and potatoes of your blogging journey. There are some very provocative questions for you to answer. I suggest you write down your answers for clarity. As I said before, I took the questions and answered them right on my intro video. Get this book and read chapter 1 immediately. If you get stuck on a question, don't skip it. Simply put it to the side until you think a little more, but make sure you answer that question. Best wishes to you all!

"Social Media Marketing When You Have No Clue" covers YouTube, Facebook, Twitter, Instagram and P interest. The book covers the basics of how to get started on each platform from creating profiles to how to use each platform efficiently. I am not a total beginner but I did not know a lot of short cuts before reading this book. I found information on scheduling and management tools very useful.

If you want an intro to social media marketing, this book is for you. She give great general and detailed information on how to use social media marketing on all the major platforms. The kindle version is chock full of lists, none of which I've clicked yet. I might have to read this book twice. Sassy girl knows she stuff.

This book was great for someone like me who wants to learn more about social media and who has no previous experience with marketing. The book gave me lots of tips and suggestions and was

very clear and easy to read. Very useful!

The chapters are broken down shortest to longest. The author covers each social media platform with an overview and giving tips, advice, and software to use to start marketing on social media. For a millennial most of the stuff is known or if you've read any type of marketing material regarding social media. There are some helpful tips and software that I found to be useful and that I highlighted to look at later. Overall the book was good and short. Thank you!

Just like the other books by this author its format is fantastic and easy to understand. A well written introduction into the world of how to market on Social Media.

I gave this book five stars because it is a clear reference guide to the top social media sites. The author uses an easy to understand format outlining the purpose of each site and tips for creating intentional profiles for promoting businesses and services. Very helpful!

An excellent explanation and overview of major social media marketing options. A very good introduction to the subject.
