Synopsis

The Jesus Storybook Bible Curriculum Kit Handouts, New Testament contains 23 four-color child handouts – one for each New Testament lesson covered in the curriculum. These are the same handouts that are provided in PDF format on the Jesus Storybook Bible Curriculum Kit DVD-ROM. The Jesus Storybook Bible Curriculum features everything you need for nearly a year of curriculum lessons. Kit includes 44 individual lessons plus 6 review lessons (3 Old Testament, 3 New Testament – available online at www.jesusstorybookbible.com) plus ideas for engaging activities, easy-to-use instructions and notes for teachers based on material from Timothy Keller, memory verses, color handouts, and much more. I'm a tremendous fan of the Jesus Storybook Bible. I think Sally Lloyd-Jones' translation of the Bible is incredible, grace-based, and powerful. Every story -- even obscure Old Testament ones -- points to Jesus. After all, isn't that what the Bible is all about? So I was excited about this curriculum. I wanted it to be worthy of five stars. Sadly, it's disappointing. First of all, there are typos, which is just simply inexcusable. Secondly, although the description indicates each lesson has a memory verse, each lesson doesn't actually have a different memory verse. The same verse is used for three lessons straight, then a new verse is introduced. But perhaps most disappointing of all, is that the verses chosen don't match up at all with the same theme and spirit of grace contained in the Jesus Storybook Bible itself. Sally Lloyd-Jones' bible is amazing; her curriculum leaves a lot to be desired.

I bought these to use with our Jesus Storybook Bible. They were not at all what I expected. They are loose pages, not in a book form and not hole-punched for storing. They are full color, which sounds cool, except that means there are no coloring type activities. There wasn't a lot to DO with these. I was pretty disappointed. They don't copy well, either, because they are full color. I wouldn't recommend these at all.

I just loved the book so I was excited to see a curriculum to go along with it. I am SO very disappointed. You get a bunch of sheets, not a book, but that's fine. But all each sheet does is basically a tiny review at the top (or a question or 2), the same question in the middle of "What did you discover about Jesus..." and 1 verse to study at the bottom. That's it! That is not a curriculum! I

have 1 hour to teach and that's all there is?! If you are looking for a really good curriculum try "All Together Now" by Lois Keefer. I just was so hoping to use a lesson plans from the Jesus Storybook.

I love the Jesus storybook bible and was looking for curriculum to help in Sunday school lessons. I was looking for an overarching curriculum to bring home and explore the beautiful themes of the JSB (through games, snacks, crafts), these just didn't do it. These were too basic and didn't do anything beyond asking simple questions about the bible story. Totally useless for my needs. They ended up in the recycling.

Well produced and lovely handouts. Made for children around 4th grade. I bought this for my playschool children to supplement their lessons but these are not appropriate at all for that age. The children's ministry at the church will be using them for our older classes.

These handouts are printed on glossy paper. They look great, and give the student a chance to recap/review what they read, but the gloss on the paper means they are hard to write on with anything other than a felt-tip pen. Pencil won't show, ink smears...Frustrating. I would probably prefer something on plain paper, maybe with less color and some white space on the pages. All that said, I do like these. But keep in mind, they are just handouts, not an instructor's guide.

I bought pieces of this marvellous curriculum separately, I have the DVD's, the Bibles, the Handouts for Old Testament and the Handouts and teachers notes for the New Testament. My frustration is that I cannot seem to find the OLD TESTAMENT TEACHER'S NOTES SEPARATELY and we have no budget so I don't want to buy the entire kit. Where can I find the one thing I need to complete the curriculum????

Well made product, nicely designed, pages have a nice sheen to them. Not much interaction though. One or two questions for each page. I was hoping this would take longer than 3 minutes.
