Customer Reviews

This was very helpful in my trip to Japan. Wish I had worked with it more than two days before the trip, though. However, I'm a language professor and am used to learning languages. This was the tenth language I've studied. Methodology is to teach you phrases to function as a tourist. Audio CD very helpful. I had the pronunciation wrong in a couple of instances based upon the books phonetic rendering. So, in the phrase, "toare doko desu-ka", the last word is not pronounced, "desu-ka" but rather "deska"...There is a very brief grammar summary in the middle of the book which was too brief for me. However, the book did allow me to understand some basic phrases and I was easily understood when I used some of the phrases myself. So, for me, this worked, but wouldn't for everybody.

As always, Berlitz has come up with yet another good product. Listen to the cd before you go, to get an idea of how the language sounds, and memorize it. Keep the book in your pocket while traveling

as it makes an excellent and very handy reference.
