Synopsis

What's The Next Thing You Want to Buy? We all have heard of the phrase "Money can't buy happiness", but what we don't realize is a lot of us are under the control of the media and advertising industry, and have been fed by the idea that having more materialistic possessions can help you experience a much happier and a more fulfilling life. This obsession with having fancy clothes, nice cars, or bigger houses has distracted many people from being kind, friendly and respectful to each other. The materialistic mindset has also caused a large number of people to get into serious debt, which leads to financial stress that jeopardizes a person's health and well-being. In this book, Grace Scott will introduce us "the consequences of materialism", and how materialism can have a terrifying impact on us. She will also give us exact steps we need to take in order to be free from this materialistic society. Here Is What I'll Be Sharing With You: How Advertisement Can Affect Us Unconsciously, Material Possessions vs Happiness, Fun and Non-Material Forms of Entertainment, The Remedy of Materialism. It's time to stop obsessing over things you don't need! Download This Book and Find Out about The Limitation of Materialism.

Customer Reviews

Grace ScottÃ¢Â¢Ã â Ã â„¢Ã¢Â¢Ã â Ã â„¢s book, Ã¢Â¢Ã â Ã Ã¢Â¢The Materialistic WorldÃ¢Â¢Ã â Ã â„¢ could not have come at a better time. Right when weÃ¢Â¢Ã â Ã â„¢re all bombarded with shameless vulgar consumerism and materialism, this book should open our eyes and shake us down to the core of our misled beliefs about what matters in life. These days, there is an endless stimulation, an unceasing Ã¢Â¢Ã â Ã Ã¢Â¢come onÃ¢Â¢Ã â Ã Ã¢Â¢ as bombarded upon us by the media and the advertising industry. For example, when the last iteration of the Apple iPhone was released, the adverts convinced you that itÃ¢Â¢Ã â Ã â„¢s the Ã¢Â¢Ã â Ã Ã¢Â¢ultimate purchaseÃ¢Â¢Ã â Ã Ã¢Â¢, the coolest thing to ever happen in the mobile telecoms industryÃ¢Â¢Ã â Ã â„¢ that is, until the next version is released. You see, we are all trapped in the vicious cycleÃ¢Â¢Ã â Ã â„¢this thinking that we must buy this gadget or that fast car in order to validate our existenceÃ¢Â¢Ã â Ã â„¢and this self-defeating notion is incredibly amplified on social media by sharing or liking or what-have-you. This materialism is so rampant you barely realize youÃ¢Â¢Ã â Ã â„¢reÃ¢Â¢Ã â Ã Ã¢Â¢addictedÃ¢Â¢Ã â Ã Ã¢Â¢ to all the wrong things. In this situation enters Grace ScottÃ¢Â¢Ã â Ã â„¢s book. The thing is, being materialistic is not only a philosophical or a psychological problemÃ¢Â¢Ã â Ã â„¢it is also personal and financial and is the cause of many peopleÃ¢Â¢Ã â Ã â„¢s ruin. For example, when you couldnÃ¢Â¢Ã â Ã â„¢t wait to use your credit card in order to buy that fancy new dress or gadget, you end up getting buried under a pile of debt from which you could neverÃ¢Â¢Ã â Ã â„¢if youÃ¢Â¢Ã â Ã â„¢re not shaken out of your consumerismÃ¢Â¢Ã â Ã â„¢recover. And most important, the book does not leave us hangingÃ¢Â¢Ã â Ã â„¢instead, it proposes simple yet powerful solutionsÃ¢Â¢Ã â Ã â„¢Ã¢Â¢Ã â Ã Ã¢Â¢remediesÃ¢Â¢Ã â Ã Ã¢Â¢, as the author calls themÃ¢Â¢Ã â Ã â„¢to rid ourselves of the overwhelming poison of materialism. ThatÃ¢Â¢Ã â Ã â„¢s why I applaud and highly recommend ScottÃ¢Â¢Ã â Ã â„¢s book to everyoneÃ¢Â¢Ã â Ã â„¢and I mean everyoneÃ¢Â¢Ã â Ã â„¢who is alive today. Get a copyÃ¢Â¢Ã â Ã â„¢seriously. This will open your eyes and show you what really matters in a highly materialistic world, and how to gain real, lasting, genuine happiness amid all the phoniness. Get a copy todayÃ¢Â¢Ã â Ã â„¢or even better, send this book as a gift to EVERYONE you care about. Who knowsÃ¢Â¢Ã â Ã â„¢you might be a positive influence to someoneÃ¢Â¢Ã â Ã â„¢s life just by sharing this book. Highly recommended!

Materialism is its own trap! This is the perfect read for this time of year! In our quest for the "Perfect" Christmas, we all too often become trapped in the materialism of the Holiday season. This handy little book deftly explains the dangers and consequences of materialism year-round and provides a wealth of remedies to help you, and your family, break free from materialism's entrapment! There is a lot of truth in the old adage that "you can't take it with you!" This book shows the dangers of trying and provides the keys to unlocking materialism's shackles. I highly recommend this book for EVERYONE!

The content of this book is good, though, a little shallow. It scratches the surface of the issue of materialism and provides some decent insight and advice. I would have likely rated this 3.5-4 stars based purely on content. The MAJOR negative aspect of this book was the ridiculous number of spelling and grammatical errors in this book. This is something that I am very particular about - if the author doesn't care enough about her work to proofread it a few times (especially a book this short), why should I view it as a valuable source of information? I'd say this is a pretty good book for people who are interested in breaking their materialistic habits and who are not as particular about spelling and grammar as I am.

Right from the get go, Grace Scott throws the negative impacts of materialism in the reader's face, making them realize what this mindset is doing to society. "The Materialistic World" dives deep into the "gimme gimme" culture and paints a poignant picture of how America's desire to have more than they need is not only affecting the individual, but also those in poverty. As the old saying goes, as the rich get richer, the poor get poorer and according to Scott, materialism is one of the main attributing causes to this downfall. Scott uses a blunt tone to get her point across and really connects with the reader by making her points through a conversational tone. This is a heavy subject, but Scott's perspective makes it enjoyable and easy to understand. You'll definitely want to discuss the topic of materialism with your friends and family. In addition, after reading this book, you'll think twice about purchasing that designer handbag or that lavish sports car.

I can't tell you what wonders this book did for me. I always considered myself not very materialistic. Though, after reading this book I realize now just how mistaken I was. Grace covers everything that I needed to see just how materialistic I have become. It was through following her simple steps that I

am finally free of the materialism. It really isn't that hard. You think that stopping it will drain the meaning from your life. What I hadn't expected was that the opposite would happen! She reveals the freedom of owning things and not being owned by your things!

Excellent approach to the understanding of how things intervene in our daily life. I think it changed my point of view in a wide range after reading this book, I am into a lot of research about how to live a better life, how to reach peace, and I think before anyone gets into a discipline it is important to be aware of which things stuck our feet into this materialistic world. This book is amazing, beautiful tool for people who want to change to better and have a high quality of living, not just for them but also for people around us. I must congratulate and thanks the Author for sharing this life changing book with us.
