I've hiked a lot of these trails over the past 20 years and hope to hike all 61 at some point. This book is as good as any...and better than most when describing the trails, how to get to them, what to watch out for (good and bad), etc. Good maps and some great photos of the trails, too. Glad I

picked this book. The author sounds like someone you could enjoy a good Yosemite hike with and learn a lot from at the same time.

Too old to hike in Yosemite anymore, but used this to bring back many fond memories of hikes my wife and I took years ago. Good maps and descriptions. Thanks.
