Missing underwater for a year in the churning froth, William Nealy has reappeared with an all new cartoon-book perversion titled *Whitewater Tales of Terror*. A sequel to his best-selling *Kayaks to Hell*, *Whitewater Tales of Terror* is an outrageous and irreverent collection of cartoons, epic adventures, unusual new outdoor products, whitewater songs and unsolicited advice. Here is Nealy at his finest, turning the sport of whitewater paddling inside out, and demonstrating in the process the zany insight and humor which have made him one of America's most acclaimed sport satirists. (8 1/2 x 5 1/2, 120 pages, illustrations)

Great follow-up lecture after "Kayaks to hell" by the same author. Should also be in your bookshelf.

I replaced an old copy that I had lost. I am a big fan of Nealy, but the humor here is not for everyone and a bit dated. OK it is definitely not Nobel quality or thesis material, but if you are into boating you just may get it.

You must be a paddler (or at least paddled once) to appreciate William Nealy's zany little collection

of humorous sketches and creative cartoons. This collection includes unsolicited advice on paddling, epic adventures, another parody of outdoor equipment advertisements (S&M River Supplies), the "S&M Campfire Songbook" featuring the lyrics to "my Boat" (set to the music of "my Guy") and a host of other funny little penned paddling sketches and comics which, most likely, came right out of Nealy's river sketchbook. It's a groovy little book and another cool thing to pass around on camping/paddling trips to get some laughs by the campfire.

A very humorous view of the incredible sport of whitewater paddling. I read this book from cover to cover and couldn't stop laughing. It is also somewhat informative and the cartoons and lyrics are very entertaining. This book makes a great gift for any whitewater enthusiast. *~ ~ Dancing on the Edge of an Endangered Planet*

So much of this book is actually true. Don't let the fact that it is a cartoon book fool you, this is not a book for the kids. Repeat not for kids.
