This is a complete guide to all military and civilian decorations, medals, ribbons and unit awards of the Republic of Vietnam. The book offers each decoration's history with all its different classes and descriptions. It is great for future Viet generations living abroad and in Vietnam. At present it is a must for historians, researchers, war gamers, and modelers.

great collectors book.

OK

I was recently doing a research paper on the fall of Vietnam under Communism. This book has more than just the history of medals and decorations from the Vietnam era, but gives precise details on how the war began to French forces to when the Americans pulled out. This is a very complete, beautiful color guide to all Republic of Vietnam Military and Civilian decorations, medals, ribbons and unit awards. It includes all Vietnamese civilian awards and their different classes with pictures and descriptions of all the medals of the Vietnamese Allies.

This book was what I needed, color photographs of the actual decorations. The book seems fairly complete. The condition of the book on arrival was great.
