Customer Reviews

Very disappointed in this book. Waayyyyyy too wordy and minimal visual images to help explain what all these words mean/what it actually looks like in real life. plus a section in sleeping in? Really? Returned within 5 minutes of delivery.

This is a great book. I bought this for my grandson who's mom is a single parent. This is a great conversation starter & helps ease the tension of going into those "uncomfortable" areas of discussion. He can read it himself and talk about it without feeling so strange. Worth it!

My 9 year old has been asking questions that i dont want peers answering or him being too

embarrassed to ask me what he really wants to know. Its easy for him to read and keeps his attention brilliant!!

Not good for my 9 year old. Irrelevant stuff included. Would recommend for maybe someone older.

Got this for my 9 yr old son but don't think he's quite ready for it. Seems more appropriate for a 11-12 yr old (maybe 10). Good book though! I'll definitely use it.

Just what I was looking for!

Perfect for a pre teen..almost as good as "the talk"

Excellent book to help teach young boys about themselves and their body
