What You'll Learn Builds upon skills taught in Pimsleur's Russian Levels 1, 2, and 3. You'll be speaking and understanding Russian with near-fluency and with considerable skill. In Level 4, the pace and conversation moves more rapidly, making way for even more substantial mastery of vocabulary and structures.

Some topics included in Russian Level 4 are:

- **Activities** - the course starts with getting downtown from the airport, and includes summer vacation travels and visiting the Black Sea. You'll learn to ask for recommendations, give advice, and make appointments. Other activities include yoga, sports discussions, going to a film festival, attending a parade, dressing up, shopping, cooking, exploring the countryside, and overnight train rides.
- **Culture** - you'll learn about the Russian school system, Russian weddings and gift giving, holidays such as New Year and Christmas, visiting a Russian home and giving housewarming gifts.
- **Expressions** - improve your conversations with native Russian speakers with useful, daily expressions such as, "Congratulations!", "Thank God!", or "Everything will be OK!" You will also learn how to express your physical wellness and inquire the same of others, as well as giving friendly reminders like -- "Don't forget" "Don't worry!" "Get better!" to name a few.
- Other

topics include: colors, family, renting an apartment, describing rooms, and public transportation. Reading Lessons in the form of a short story are included. These lessons, which total over an hour and a half, are designed to give you practice reading Russian, to provide vocabulary, and improve pronunciation. Before you know it, you'll be reading Russian with the ease and flexibility of a native speaker. The Readings start on CD 14 after Lesson 28. The Pimsleur Method We make no secret of what makes this powerful method work so well. Paul Pimsleur spent his career researching and perfecting the precise elements anyone can use to learn a language quickly and easily. Here are a few of his "secrets": The Principle of Anticipation In the nanosecond between a cue and your response, your brain has to work to come up with the right word. Having to do this boosts retention, and cements the word in your mind. Core Vocabulary Words, phrases, and sentences are selected for their usefulness in everyday conversation. We don't overwhelm you with too much, but steadily increase your ability with every lesson. Graduated Interval Recall Reminders of new words and structures come up at the exact interval for maximum retention and storage into your long-term memory. Organic Learning You work on multiple aspects of the language simultaneously. We integrate grammar, vocabulary, rhythm, melody, and intonation into every lesson, which allows you to experience the language as a living, expressive form of human culture. Learning in Context Research has shown that learning new words in context dramatically accelerates your ability to remember. Every scene in every Pimsleur lesson is set inside a conversation between two people. There are no drills, and no memorization necessary for success. Active Participation The Pimsleur Method + active learner participation = success. This method works with every language and every learner who follows it. You gain the power to recall and use what you know, and to add new words easily, exactly as you do in English. The Russian Language Russian, one of the six official languages of the United Nations, is the official language in Russia, Belarus, Kazakhstan and Krygystan, with an estimated 150 million native speakers around the world. Pimsleur's Russian uses speakers from Moscow and St. Petersburg, which accounts for slight pronunciation differences between speakers, but accurately depicts contemporary spoken Russian. Tech Talk - CDs are formatted for playing in all CD players, including car players, and users can copy files for use in iTunes or Windows Media Player.

Customer Reviews

Dr. Paul Pimsleur devoted his life to language teaching and testing and was one of the world's leading experts in applied linguistics. After years of experience and research, Dr. Pimsleur developed The Pimsleur Method based on two key principles: the Principle of Anticipation and a scientific principle of memory training that he called "Graduated Interval Recall." This Method has been applied to the many levels and languages of the Pimsleur Programs.
