Awesome collection of the Freezing Series artwork!

A very nicely illustrated book of some of your favorite Freezing characters. Would recommend to any Freezing fan.

Overall love the artstyle, the general mature aesthetic, the beautiful women & the costume/weapon designs in this book. However with its manga being over 31 volumes, and no end in sight yet, it really seems as though like most other lengthy manga that Freezing's story is pretty much about dead with the main focus now being on battles & the women, in which case i'd rather just support the artists drawings. I own 2 copies of this artbook btw, both the English release from Udon as well as the original Japanese release because I love Kwang-Hyun Kim's art more than the story telling that comes with his art, and if he has an artbook to Black God/Kurokami then i'd love to obtain one

too. But Full Metal Alchemist, Rurouni Kenshin, Akira, Blade Of The Immortal, Fruits Basket, Ouran, Each part to Jojo's Bizarre Adventure, Most manga series by Clamp, Naoki Urusawa, The Ohba/Obata duo, & Osamu Tezuka, etcetc all manage to wrap up their stories in about 30 volumes or less whilst having nice art.

High quality art book from the gorgeous Freezing series. A must for any Freezing fan.

Beautiful art a great buy for any fan of the series

No problems
