This is a good accompaniment to our study of the Roman Empire. It is very cute because it has real kids dressed up showing what the Roman Empire was like. The book is divided into different topics and shows many different aspects of the Roman Empire.

Perfect activity book when studying the Roman Empire. We have done many of the activities in this book. They are well written and easy to complete.

Thank you!

For our homeschool curriculum. Excellent.

In good shape.

Written in a style to appeal to elementary age, filled with actual color photos of historical artifacts, along with beautiful scenes recreated with clay and wood, etc, to look like a scene from the Roman times. Numerous projects, from very simple, to more complex. All photo illustrations with people are elementary age kids, modeling the art projects as though a real picture of ancient times. My 6-year-old son spent hours looking at and reading this book. Makes history fun!
