PreS-K-British import and cartoon star Peppa Pig returns to the page in another adventure. When a large rainstorm passes through overnight, the piglet and her family eagerly await the next day's muddy puddles. Instead, the town is flooded, and they take advantage of Grandma and Grandpa Pig's arrival in a boat, delivering supplies to stranded neighbors. Their community-mindedness is rewarded the following day when the waters recede, leaving a puddle large enough for everyone to enjoy. The strongest elements of the television show—brightly colored digital animation and a deft mix of dialogue and exposition—provide great read-aloud potential. Adults who enjoy doing character voices will have a field day with the cast of characters. Despite the stylized font, the text, which is placed on solid backgrounds, is simple enough for beginning readers. A charming

Peppa Pig loves muddy puddles. Everybody LOVES muddy puddles. And they probably will all love this book too. It is raining at Peppa's house. But that's a cause for excitement, because rain brings muddy puddles! Daddy Pig is the world champion puddle jumper, and his daughter Peppa is following in his footsteps with her love of jumping in puddles. But what is this? The next morning they wake up to find no muddy puddles at all! Instead the rain has caused flooding and Granny & Grandpa Pig must use their boat to get from house to house. This book is sort of the Peppa Pig muddy puddle version of "if life gives you lemons, make lemonade." If life gives you a flood, instead of muddy puddles, don't be sad, just go boating! It's always an adventure with Peppa. Cute book, great story; any Peppa fan will love this!

The story is very cute and I love the format of the book. It is not the thin/cheap paper that rips easily, which is important with young kids. I appreciate that the cover material and pages are more sturdy than the typical paperback book. Definitely recommend!

This book was a great purchase! My daughter has been watching Peppa Pig on TV, so for her 3rd birthday, we chose to buy this book to give to her from the numerous Peppa Pig books that are available. The story is fun to read and perfect for any Peppa Pig fan, especially because it revolves around Peppa's beloved Muddy Puddles. It has quickly become my daughter's favorite bedtime story! The quality of this book is exceptional; the pages are nice and thick and don't seem like they would rip easily, and the pictures are colorful, vibrant and fun. I especially like that it comes with a sleeve which has a large picture to color on the inside. I usually just throw the sleeves of hardcover books away (with two little ones, they usually don't last long anyways), so it was nice to have a use for it!

My kids and I love Peppa Pig, so it's no surprise we love this book too. It's comical as everything is with Peppa Pig. I also love the parrot in it, as it's so fun acting out the big Squawk that the parrot makes! It's a cute story and I've read it over and over to my girls and they never get tired of it. We love Peppa!

Whoever made this book did a fantastic job. The overall product was designed great with bright

pictures and a cute story on a well made book. The sleeve actually has a big coloring picture kids can color on.

I got this to hand out as a party favor at my daughter's Peppa Pig 2nd birthday, and I am thrilled with the purchase. The story is great, as are the illustrations, and I know my daughter and our guests will love it. The material is very sturdy as well, so I think it will hold up nicely through the normal toddler wear and tear. Seeing the product, I would pay full price for it if I had to do it all over again; I actually got it on sale, and I couldn't be happier with the value.

This book was a gift. The story is easy enough for a toddler to follow along but substantial enough for a beginner to practice their reading skills. The art work was bright and cute. The book is on the smaller side and the pages are thicker than your standard book which is great for long time use.

My kids love Peppa Pig.
