Customer Reviews

Some wisdom is so old that even the rich today could use much of this advice. Seriously. I think you need to balance some of the advice with where you live. Always know your audience, whom you speak to (age, gender, race, religion, region/country, language or education barriers, etc).

One of the best ettiquette books I've read. Following the more victorian rules of ettiquette, but still quite usable in modern society. (If you are the more old fashioned type.)

I am now suave and polished Thanks MR Hartley

Who doesn't love books on etiquette? Should be a must read!

An excellent read for those who wish to learn to come across as more than just a man. This book while a VERY dry read, is actually full of dos and don'ts for those who wish to learn.

a good read a must for any guy
