Emily Post's Wedding Planner For Moms

Synopsis

Countless mothers of brides and grooms have asked Peggy Post for a wedding planner just for them. Here it is! Whether you're helping a little or a lot, or—like most moms—are serving as combination coach, diplomat, and troubleshooter, this planner is packed with useful ideas, including: Planning lists especially for moms Questions to ask before hiring wedding professionals Times when a mother's tactful advice is most helpful A Resources section with worksheets for keeping track of guests, gifts, budget, and more An Address Book you'll refer to again and again Peggy Post will help you navigate finances, guest list, ceremony, and reception details; interact with your daughter's or son's future in-laws; and plan your role (including your outfit!) while making memories to last a lifetime.

Customer Reviews

Peggy Post, Emily Post's great-granddaughter-in-law, is a director of The Emily Post Institute and the author of more than a dozen books. Peggy writes a monthly column in Good Housekeeping and an online wedding etiquette column for the New York Times.

I bought this book as my daughter is getting married this year. I wanted to make sure that we did everything correctly and followed the recommended timelines, etc. The book is very nice and contains all of the information you will need to become the "informed mother of the bride". I am very appreciative of this book and have already shared some of the information with my daughter who was wondering how something should go. I would recommend this book!

This book was so helpful and included the Mother of the Groom. Most books only talk about the Mother of the Bride. I did most of the work and her mom did nothing. So this book was perfect. Small and very detail. Only wedding book you will need. The only one. Truly.

Great advice and guidance for moms of the bride, especially in the ways of etiquette of weddings, which are important to me. It follows the same guidance of a standard Bride's wedding planner but with the valuable added advice to moms in the how-to's and not-to's that are so important in successfully planning a wedding with your daughter. I recommend it highly!

This little book is full of good information. The budget guide and the checklists are very helpful. I had no idea what I would be expected to spend but there is a good guide in this book that I have used with each vendor. I bought three books on weddings. This was the smallest, the cheapest and the one I use most often. It is small enough to carry with you while running your "wedding errands".

Good suggestions how to talk with kids with good guidelines on boundaries. Probably won't write address section, but I did use it for inspiration in regards to my computer lists. Budget guidelines are useful. Most likely will pass on to another mom, have already recommended to another friend.

This book seems more helpful than the others. It also gives space for writing notes! I will keep this one for future weddings!

The print is teeny-tiny and the endless lists are not well-organized, giving the Mother-of-the-Bride an impossible number of tasks. I suspect this is for people in upper echelons of society who need more to do, and judge things by correctness of etiquette as opposed to generosity of heart.

Good basic outline for mothers of the bride. Nice coverage of unusual situations also.
