How I Cured Myself Of Hepatitis B

Synopsis

This is easy and quick reading. I tell exactly what I did to cure myself of Hepatitis B. I tell you exactly what I ate, drank, and what vitamins I took to naturally heal myself. I also tell you exactly how much and how often I had these items so you can follow exactly what I, and many others that copied what I did to cure themselves as I did without harmful prescription drugs. This worked for me and has worked for others. You owe it to yourself to get healthy. Just follow what I did. Don't delay start on the road to being cured now.

Book Information

Paperback: 44 pages

Publisher: CreateSpace Independent Publishing Platform (September 16, 2012)

Best Sellers Rank: #2,885,601 in Books (See Top 100 in Books) #65 in [Books > Health, Fitness & Dieting > Diseases & Physical Ailments > Hepatitis](#)

Customer Reviews

The book has no references of any kind. So, in essence the author declares "trust my word, I am that good!" Yet, he is not a doctor and does not cite any reliable sources of his diet. How the author came up with the diet that he claims helped him, I have no clue. I would not recommend this book to anyone. Aside from the fact that it does not cost even one dollar, the book's contents look to me very suspicious.

too thin a book, the content can be found easily in Internet. Printing from home printer can produce a similar "book". It is like a \$2 magazine sold on street side.

Great information that I can help my relative who is much older with all that the writer shared and conquered with having Hep B. I have great hope in helping my relative who shared this personally with me.
