Paparazzi Princess (Secrets Of My Hollywood Life Book 4)

Synopsis

As the last season of Family Affair comes to a close, prime-time teen star Kaitlin Burke is no closer to deciding what she wants to do after the show ends. Struggling with career choices and bummed over a ridiculous catfight with her BFF, Liz, Kaitlin is so mixed up she even starts to semi-bond with her archnemesis, Sky. Worst of all, she falls in with two of Hollywood's biggest party fiends when one of them asks her, "Don't you ever do what you want to do?" Shopping sprees and the Tinseltown nightlife seem fun at first, but soon Kaitlin realizes that being a paparazzi princess just might be her downfall. You won't want to miss the fourth book in Jen Calonita's beloved six-book Secrets of My Hollywood Life series.

Customer Reviews

The name of the book was misleading. If all the main character did was dance on a table, go out to restaurants every night and shop I don't see what the problem was. Those are things that normal teenagers do. We never saw her being ugly to anyone, she didn't blow anyone off, she didn't drink or smoke so what was the big deal? I guess I was looking for more to happen and was disappointed when it didn't. There were a lot of moments that would have made more sense considering the title.

For example if the two girls she was hanging with got caught shoplifting and she was arrested with them even though she had nothing to do with it, that would have been interesting. This has been my least favorite book of the series thus far.

This book is a fantastic book it a great series. I love reading her books, and this is a great example of her writing. I was so excited to find out that it was available on the kindle, and when i started reading it i could no put the book down. My mother had to take away my book to get me to focus on other things. I would defanetly recomend it.

Definetly my favorite series!!!! I LOVED this book. The drama in it was realistic and exciting, and it is a page turner that leaves you hungry for more!

This was extremely good and fantastic!! loved it so much.Jen Calonita has done it again.Kaitlin Burke's story will always be in Hollywood.

Amazing. Im a big big fan of the secrets of a hollywood life series. I thought it was very good

More trials and tribulations of being a privileged Hollywood star teenager trying to live her Hollywood life which she enjoys for the most part and the life of a "regular" teenager...for the most part. Entertaining fiction.

Kaitlin Burke is finally experiencing something that everyone in Hollywood, at least those on the small screen, hates the most... having the show that made you a household name come to an end. That's right folks - Family Affair is finally coming to a close, and you know that's making the headlines on all the tabloids.However, that isn't the only thing making the headlines.After her show comes to an end, everyone wants to know "what's next for Kaitlin?" She has several options, including getting another role on another show, moving to the big screen, or just taking a break. Everyone is pressuring her in every way possible, and for Kaitlin, she just does not have a clue about what is next.What does happen next, though, is Kaitlin becomes a paparazzi princess. That's right, she becomes another Britney and Lindsay. Photos of Kaitlin partying with some new friends are beginning to cover the tabloids, and it's something she would not want while her future career is already being questioned. Does she really want to go from the A-List to the D's in a heartbeat?It doesn't really help when she is already having problems with Liz and her own personal family

affairs. Will Kaitlin be able to fix the situation before it gets out of hand? Or will the next line out of her mouth be "Hi, I'm Kaitlin and I'm a..." PAPARAZZI PRINCESS is the fourth installment in the SECRETS OF MY HOLLYWOOD LIFE series. Usually as a series drags on, the plot becomes tiring. But Jen Calonita continues to make her successful series appealing and dramatic. Kaitlin continues to be a likeable character who seems to be the only one in Hollywood with her head on straight. The series in itself gives the readers an inside look at the supposed glitz and glamour of being famous. PAPARAZZI PRINCESS in itself lets us see how easy it is to be photographed in the worst possible light. With this installment, readers are able to see that the price that comes with being famous is your very own privacy. Reviewed by: Randstostipher "tallnankyrn" Nguyen

I've learned so much from reading this series. All the secrets that are told in this book really gives an insider's look to the Hollywood industry. This time the reader learns what needs to be done when an actress is making a change in her career and the steps that must be done to keep that career going. I felt that this book showed Kaitlin as more of a Hollywood star and less of a regular teen than previous novels. I didn't think there was anything in this book that screamed normal in this story. Sure she had to face studying for SATs but other than that, all her problems and dilemmas came from being a celebrity. The whole industry from Kaitlin's view is fascinating from the Vanity Fair party to having to deal with socialites who thrive on the paparazzi to learning how celebrities handle music contracts. I also liked how the author took a rather formulaic story (best friends grow apart, new girl comes in between) and put a twist on it and took it to a whole new level. I thought I was going to get the same old predictable storyline but instead I was delightfully surprised. This has been one of the best YA series I've read this year because it's been fun and informative at the same time. Jen Calonita writes in a way that is entertaining, page turning but without having to resort to sex and language for page filler. I can't wait for the next book in the series to see what else is in store for Kaitlin.
