Customer Reviews

This book has great tips to help improve your memory. I have read similar memory books and they're all very similar with the tools they give. What is great about this book is that it'll take you a half hour to get through; I spent close to 3-4 hours on longer books with the same information.

Improving a person's memory is something that I would love to do, as well as wish a few others in my life would do. This is a book that offers different ideas on ways that a person can improve their memory. The book has different ideas from play on words to image recalling. With all the suggestions given, I believe the memory palace is one of my favorites. This isn't a magic book, you will have to put the suggestions into action, but once you do you can see a difference quickly.

This is an extremely supportive manual to enhance memory utilizing diverse tips and tricks from this book. I purchased this book as I overlooked bunches of things, which is bringing about inconvenience nowadays. Because of occupied timetable more often than not I overlook loads of things and it's extremely urgent that I should in any event recall things that are identified with business and customers. I am cheerful that I observed this book, which turned out to be extremely powerful and pragmatic. I am gaining great ground and my memory force is likewise expanded. I would prescribe this book to the individuals who have terrible memory power.

Sometimes being busy makes a person forgetful. Like me, I often forget things that I'm afraid I won't be able to recall some of my memories. This book is very helpful to me as it gives me the ideas on how to improve my memory skills. After reading, I learned a lot about how our memory works and the tricks that I can use to enhance my memory skills. And the secret to a better memory

improvement is through practice. Now I just have to practice the tricks and have an amazing progress soon. This book is recommended to everyone who wants to improve their memory skills.

Having sharp memory is a necessity when it comes to every aspect of our life. And this book will help you improve your memory. I learned a lot from this book. I would love to try each tip and trick it gave. I know it won't take overnight for the improvement, but just like what this book said, "Practice makes perfect"! I hope a lot more people can read this book to help them improve their memory as well!

Really actionable strategies and methods to improve your memory. Can pick and choose one or two exercises every few days to gradually improve and use the hacks inside to start remembering all those little things you have to get done. I have always had a huge problem with names even after meeting someone a few times and using one of the methods to help with that.

I always have this bad memory as I grow older. It was great to read a book for memory improvement. I have been using the Name Mnemonics since I grade school. It helps a lot for me to remember things. I am glad to read the helpful tips provided by the author. It is really beneficial.

This book is great guide book in enhancing and improving your memory, I never thought that this was possible, but upon reading this one I now believe that this can be done. I can't wait to try this out. This is a recommendable book.
