THEODOR SEUSS GEISEL—aka Dr. Seuss—is one of the most beloved children's book authors of all time. From *The Cat in the Hat* to *Oh, the Places You'll Go!*, his iconic characters, stories, and art style have been a lasting influence on generations of children and adults. The books he wrote and illustrated under the name Dr. Seuss (and others that he wrote but did not illustrate, including some under the pseudonyms Theo. LeSieg and Rosetta Stone) have been translated into thirty languages. Hundreds of millions of copies have found their way into homes and hearts around the world. Dr. Seuss's long list of awards includes Caldecott Honors for *McElligot's Pool*, *If I Ran the Zoo*, and *Bartholomew and the Oobleck*, the Pulitzer Prize, and eight honorary doctorates. Works based on his original stories have won three Oscars, three Emmys, three Grammys, and a Peabody. From the Hardcover edition.

Another cute book from Dr. Seuss, although my grandsons are only 5 months old I have already started buying books for them. I want them to have a love of reading and I think that needs to start early. They are already pretty good at listening to the stories (sometimes) and I think it will get better as their attention span increase. Thanks for a great book.

An overpriced knock-off of Dr. Seuss's Sleep Book (which is great, by the way!) This book is awful printing on low-quality card-stock pages. Hardly qualifies as a "board book." All materials inside are low quality and looks like the book is going to fall apart upon use. Just go with the hardback version of The Sleep Book, and get the full story instead. Really displeased.

My little great-grandson is totally pleased with this fine book. I love Dr Seuss, too.

there's nothing to say - it's a great DR Seuss book

Great book for younger children, or beginning readers. The book is wonderful Seuss as we all knew growing up! Very happy with it!

I would recommend this for all Dr. Seuss fans.

This book was purchased as a gift for our first grandchild. I personally liked the book (I have a number of children's books, added to my library just because I like books in general, and certain children's books in particular). It will be a few months yet before we know whether this book is a favorite, although "Giraffe's Can't Dance" is already a favorite.

This book is nice because it has interactive touching items. It doesn't have a lot of words, but it is great!!!
