Founded in 1947, Hal Leonard LLC has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

This book is wonderful for the older beginner. I am in my late 60's, so I recognize most songs. The chords are clearly written on top. I just love this book because I can already play 5 songs, and I just started playing four weeks ago.

This is a great book with 200 songs that are easy to play yet a challenge too for a person who has

learned the basics and wants something that they can enjoy playing without requiring grueling time to figure the music out or putting it on the back shelf to get to it later after they become a piano virtuoso which most people never achieve. The print is also good for the eyes and the price is right. I bought it as a birthday present for my wife who plays it every day. Get your copy from today!

pretty difficult to place the book on piano coz it is very thick

I hadn't played my piano much for over 20 years. When I decided to do so.. WOW was I ever rusty. My old music seemed so hard. This book is loaded with simple music that I can play immediately without much (if any) struggle. I think I will practice more often with these easy pieces than I would have struggling with the harder stuff. Thanks !

Just getting back into playing the piano on a daily basis after about 20 years and this book is helping me remember and enjoy playing again. I will be ready for more advanced music in no time!!

I am having fun with this, learning the songs. I'm a "medium" player, but figured I can learn these "easy" versions and then add my own embellishments as I get them down. Nice to have the "rewards" of being able to play the songs relatively quickly.

This could be a good book, but the "easy piano" is a bit deceptive. My daughter has been playing a year and these pieces were all too hard for her. I had the words easy and beginner in my search and the books that came up said they were easy beginner, but none of them, including this one are easy or suitable for a beginner.

Wonderful collection of familiar music for my kids to learn and play. Many songs that I know are traditional tunes.
