Rich Dad Poor Dad For Teens: The Secrets About Money - That You Don't Learn In School

Synopsis

Do you feel that what you're learning in school has nothing to do with your life? Do you feel that school's not really preparing you for the real world? If you answered "yes" to these questions, then this audiobook is for you! When Robert Kiyosaki was growing up, he wasn't exactly an "A" student, but it wasn't because he wasn't intelligent. He just learned in a different way than the teachers in the school expected him to. Then Robert found a mentor who taught him about money and investing. Robert became so successful that he was able to retire when he was still a young man. Rich Dad Poor Dad for Teens doesn't just share his amazing personal story. It shows you how to make choices today, choices of the rich. Packed with straight talk, sidebars, and quizzes, this audiobook will jumpstart your personal success by showing you: How to speak the language of money Ways to make money work for you Tips for success including "work to learn, not to earn" Games that help you understand the tools to keep money moving and growing. Picking up where school leaves off, Rich Dad Poor Dad for Teens is the secret weapon for gaining the freedom to create the wealth you want. No matter what your grades are, you are smart enough to thrive financially. It is never too early to begin learning to be smart with your money.

Customer Reviews

Grade 6 Up Robert Kiyosaki, a bestselling author for adults, has specifically targeted teens in his

attempt to promote his philosophy. What makes this book unique is his approach to how he thinks about accumulating wealth and about having money work for the earner. "Poor Dad" accepts the notion that he will never be rich and thinks that "money doesn't matter." "Rich Dad" thinks that "money is power." Teens are encouraged to be creative in developing ways to earn cash and to limit spending. A chapter on identifying individual strengths and learning styles while developing a financial IQ on the path to financial freedom is a lesson for any age. Sidebars and quizzes promote individual ideas and concepts. Teens will be attracted by the notion of playing games to learn more about acquiring assets and managing money. The glossary clearly explains financial terms. An entertaining and informative book. —Kathleen A. Nester, Downingtown High Ninth Grade Center, PA --This text refers to an out of print or unavailable edition of this title.

Robert Kiyosaki has challenged and changed the way tens of millions of people around the world think about money. With perspectives that often contradict conventional wisdom, Robert has earned a reputation for straight talk, irreverence and courage. He is regarded worldwide as a passionate advocate for financial education.

My son, who is 10, read this book for a young entrepreneurs club he is part of. He gave the book 5 stars. He seemed to glean a lot of good insight from this book. This book is a great tool for helping your kids have a broader perspective on money and how to make it work for them, rather than the other way around.

You might as well buy the actual RichDad PoorDad book. The one for teens has me doing miniature tasks that doesn't actual tackle the means of entrepreneurship or becoming better. It doesn't take a rocket-science to understand this book or the original in the series. By the end of the book (which I finished in less than a week) I felt like I didn't accomplish much and just gave the book away. I do admit the book allowed and pushed me to write my thoughts out in a journal. I really enjoyed the actual RichDad PoorDad book though.

Good book, but I had no idea what 'mini' meant. This book will fit in the palm of your hand. It is what I ordered, but not what I wanted.

Great TINY book. I wish there was more to it. But the information it has is excellent. Hopefully my teens will want to read Robert's real books after this tiny taste.

this is a toy not a book

This book is tiny. I mean its really really small.

I didn't realize how small the book would be but I guess you get what you pay for.

My kids are loving it. Thank you for a challenging moment that made me as a parent to step up the game and teach my kids about money through your books. I look forward to meeting you one day to say thank you. I will surely enroll and in done years to come enroll my kids as they are still young. God bless and may you increase.
