Literature: Reading, Reacting, Writing

Synopsis

The first three-genre introduction to literature text to address the changing canon is now the first to include a comprehensive guide for writing about literature-with full coverage of critical thinking, argument, and the writing process. Teachers themselves, Kirsznner & Mandell take students through each step of the research and writing process, helping them to craft literary analyses and arguments and to understand that writing about literature is a process of discovery, examination, and debate. Combining the broadest selection of literature available with time-proven and class-tested instruction, LITERATURE: READING, REACTING, WRITING, Sixth Edition, remains the most useful and student-friendly introduction to literature text available.

Book Information

Hardcover: 2208 pages

Publisher: Wadsworth Publishing; 6 edition (March 8, 2006)

Language: English

Customer Reviews

"Over the past 15 years, I have used most of the anthologies. However, yours is by far the best." "The factor that most influenced the selection of LRRW was its wide selection of all three genres." "I prefer the selections in Kirsznner and Mandell's LITERATURE: READING, REACTING, WRITING. The selections will provide endless opportunities and inspirations for students to find their own voices within larger critical, global, and literary contexts." "I was rather impressed with some of the selections in the short story section, in that the editors seem to be paying a bit more attention to current writers and offering a broader range of cultures." "The three most appealing characteristics of the book are: the Reading and Reacting Questions in every section, the fiction casebook, and the writing checklists." --This text refers to an out of print or unavailable edition of this title.

Laurie G. Kirsznar is a bestselling author who is well known nationally. Kirsznar, together with coauthor Stephen R. Mandell, has written bestsellers for nearly every English market. They have the deepest publishing record of any handbook author team and have successfully published up and down the curriculum from developmental to literature. Stephen R. Mandell is a bestselling author who is well known nationally. Mandell, together with coauthor Laurie G. Kirsznar, has written bestsellers for nearly every English market. They have the deepest publishing record of any handbook author team and have successfully published up and down the curriculum from developmental to literature.

It would have had I used the book!!!! I got it and we never opened the Darn thing... But I'm quite sure it would have been helpful if used.

NEEDED IT FOR SCHOOL GREAT PRICE

not so new book , but useful

If you're getting this for an English class, then don't. All the stories in the book are fairly popular so you can just find them on google. There is some cool background info about the stories, but save you're self 70 dollars and just read the stories online.

Best Literature book I have ever had for school. This is not a joke, I actually enjoyed reading the short stories and the poems most of all. If you ever have to buy this book for a class then you should dive into this book with an open mind ready to learn.

I am not impressed with the focus of selected texts, and the vast number of selections makes it difficult to use as a one semester textbook. The condition upon arrival was a little ragged.

Arrived on time and in decent condition. I loved being able to rent the hard back textbook. The content, essay examples, and short stories have been wonderful to read. It's a literature textbook but the book flows quite nicely and is easy to read and understand.

I needed this book for one of my college classes and it did not disappoint. The content is wonderful

and overall the book I received was still in great condition. The bind was a little worn but in no way did it create an issue for me. There was no writing or notes in my book which is incredible for the low price I spent on it.
