LOVE IT

very good

I have been collecting scroll saw Christmas pattern books. This one has some interesting ideas. I have not done any yet but the patterns look to be well designed.

Great Patterns

A good reference book with lots of useful information.

I already have this book. I bought it for a Christmas gift for my brother as he wanted one of his own.

One of the best books I bought online ever from a sight. Will use this sight again but would like to see more on tools for the craft of woodworking.

fun,fun,fun-the book is in good condition The patterns are in good condition. We are looking forward to begin making items from the book.
