# Planning Effective Instruction: Diversity Responsive Methods And Management

## Synopsis

PLANNING EFFECTIVE INSTRUCTION: DIVERSITY RESPONSIVE METHODS AND MANAGEMENT, Fifth Edition, fully equips readers to teach in ways that meet the needs of all students in today's diverse classroom. The four-part organization corresponds with a new framework for diversity responsive teaching that helps focus teachers' efforts in planning for diversity. Represented by a visual organizer, this framework helps readers see that what they teach, how they teach, and the context for teaching interact to bring about the success of all students. Available with InfoTrac Student Collections <http://gocengage.com/infotrac>.

## Book Information

Average Customer Review: 3.8 out of 5 stars 5 customer reviews

Best Sellers Rank: #32,623 in Books (See Top 100 in Books) #87 in [Books > Textbooks > Education > Special Education](#) #146 in [Books > Education & Teaching > Schools & Teaching > Special Education](#) #711 in [Books > Education & Teaching > Schools & Teaching > Education Theory](#)

## Customer Reviews

"Student-friendly with many useful ideas, but also with concrete information on learning how to become a good teacher." "Excellent resource. Worth the price to students. Should remain in their own professional libraries."

Kay M. Price is a seasoned teacher education instructor and supervisor; she taught and supervised at Western Washington University for 30+ years. She has also been a special education teacher and consultant in K-12 schools. Her areas of interest and expertise include instructional planning and delivery, teacher coaching for pre-service and in-service teachers in general and special education, inclusion strategies, adapting instruction for students with learning problems, and general classroom management. Karna L. Nelson is an experienced teacher education instructor and

supervisor; she taught for 25+ years at Western Washington University. She was also a special education teacher and a K-12 school consultant. Her areas of expertise and interest include instructional planning and delivery, adapting instruction for English-language learners, positive behavior support and management, and teaching individuals with emotional and behavior disorders.

Very disappointed this text was so small and thin for this much money. The pages are so thin and poor quality that they will rip if you turn them too fast. Plus, the book was not packaged well and bent / water damaged upon arrival.

Used it in an elementary education class, and it was really helpful. I have switched majors since then, but this book would be incredibly useful and informational to future elementary education teachers.

This has been one of the most helpful books for writing my lesson plans. Very straight forward and lots of good tips.

Great

This book was very clear and helpful for teaching instruction. It was easy to understand and worked with my course.
