Stars And Cars

Synopsis

Well worth a look for its fresh approach, the brilliant photos and the quality of their reproduction. We loved it, and there should be plenty of material left for future volumes.

Classic & Sports Car Steve McQueen. A Ford Mustang. And San Francisco. The ten-minute pursuit in Bullitt has remained the definitive movie car chase for nearly fifty years. Iconic moments from cinematic history do not get much better than this. Stars & Cars is a celebration of the most unforgettable automotive moments in film, TV, and popular culture. Lavishly illustrated, it brings together the iconic cars that made an impact on our collective psyche, and the stars – the actors, musicians, writers, and painters – who drove, raced, collected, re-painted, crashed, or simply loved them to an obsessional degree. From James Dean and his ill-fated Porsche Spyder to the greatest Aston Martin moments in the Bond movies, from the heroic Minis in The Italian Job, to the eye-popping paint jobs on the psychedelic limos commissioned by The Beatles – all of the greatest collaborations between stars and cars are featured in the pages of this book. Perfect for lovers of retro TV series or the Hollywood greats, American muscle cars or classic European roadsters, Bond films or Batman, Fast & Furious or Frank Sinatra, with over 150 stunning images, expert text and aching cool anecdotes, this is the perfect reference for all movie and motor fans.
