# Hong Kong (City Guide)

## Synopsis

With its fabled urban landscape and vibrant Chinese culture, Hong Kong is one of the world's most exciting cities. Whether you want to take a bay cruise on the Star Ferry, eat and shop your way around Kowloon, or find peace at an atmospheric temple, *Insight City Guide Hong Kong* will make sure you have the quintessential Hong Kong experience. Features by local writers delve into topics including the city's dim sum tradition, Chinese medicine, and the local love of horse racing, while evocative accounts of Hong Kong's districts bring the city to life, from the dramatic vistas of the Peak to the shops and bars of lively Wan Chai and Causeway Bay, and the beaches and monasteries of the outlying territories and islands. Full-color photography and maps help you navigate with ease and our detailed Travel Tips gives you all the practical information you need to plan your trip, including our selection of the best and most authentic hotel and restaurants.

## Customer Reviews

Hong Kong continues to be a hugely popular destination, with 8 percent growth year-on-year in 2013 in international visitor numbers (source: United Nations World Tourism Organization), while neighboring Macau posted 5.4 percent growth; this book covers both of these exciting cities with a wealth of both practical information and cultural history.

Insight Guides wherever possible uses local experts who provide insider know-how and share their love and knowledge of the destination.

I am on exchange in Hong Kong, and this book has given me a clear preview of what I am seeing. I am from Latin America and culture is very different, but because of this book I could understand some features of their culture.

Guide is fairly general and doesn't include a lot of specific recommendations. It was okay for very touristy things, but not the best for getting directions via public transit. It's okay, but I had to use other sources to see more interesting/local things.

Very helpful on my recent Hong Kong Travel

This an excellent guide, very easy to use, very interesting.

Great.

is this about politics or travel? I might find some use for it if I am taking a class in school but I don't think it presents a balanced view on past and current affairs about the city. Typically work done by some one who has no knowledge of the region at all, its all hear say and bits and pieces of information assembled together without giving much thought. I mean the majority of the information contained in this book doesn't help me to know the city at all, I will not bring it with me on my trip. I just need to know where to find what, and how to get there, is it too much to ask for?
