Vocabulary Power Plus For The New SAT, Book 2

Synopsis

Intended for 10th grade. Your students will score higher on the SAT once they've used Prestwick House's Vocabulary Power Plus for the New SAT, the only program that addresses all of the revisions in the test without compromising the vocabulary studies students need. Each unit alternates focusing on the critical reading and essay portions of the test with questions focusing on sentence completion, reading comprehension, inference, essay, root practice, and more. Review units ensure your students will remember what they've learned. Why should you use Vocabulary Power Plus? You'll save time because you won't have to write vocabulary lessons from scratch. Reading passages similar to those on the SAT* help students learn words by examining their contexts. Multiple exercises reinforce the meanings of words to students, fostering long-term knowledge. Your students will learn more than 200 new words in each book. You'll tackle vocabulary instruction and test prep with one resource. *SAT is a registered trademark of the College Board, which was not involved in the production of and does not endorse this product.

Customer Reviews

This is a classroom edition for students. Tests and Answer Keys are available from the publisher, but are sold only to schools and teachers.

i like the book, but when i bought it i didnt that the author doesnt provide the answer key to practice problems. when i found out that there is not even separate solution manual for it either, i was shocked and was angry about it. i want to improve my vocab as i am non native speaker. its hard to determine the answers for non native speakers. since i am not sure about the answers, i dont even

feel like trying the practice ques. Buy the USED book that has already contains answers.

This series is an excellent preparation guide for the SAT. Varied types of instruction and work examples guarantee that it will help a student who intently studies and follows-through with the assignments. The essays are also very useful, albeit some of these are essays from elsewhere used a very long time ago.

Perfect

This book was required for my daughter's 10th grade English Honors class. The teacher feels it is the best one available and, after watching my daughter complete a few sections so far, I believe this is an effective and easily understood SAT vocab study guide.

This will expand your vocabulary and prepare you for the PSAT or sat, which is the purpose of this book, and it helps you so the definition can get through your head easier.. Do recomend... Not to mention shipping was fast!

Great item!

GREAT resource! I wish we had this book when we were in school.

good book for the price
