Plum Spooky (Stephanie Plum: Between The Numbers)

Synopsis

Evanovich fans rejoice! Stephanie Plum is back in town, along with her sidekick Lula, her Grandma Mazur, and an ever-widening cast of freaks, criminals, deranged felons, and lunatics looking for love. And just when Stephanie thinks her life can't get any more complicated, in walks the mysterious Diesel. A man who seems to show up at the most inconvenient moments. This time, he's the instigator for Stephanie's new adventure, which involves camping in the Pine Barrens with Lula, and perhaps even a sighting of the Jersey Devil. So hang on for a Stephanie Plum novel that is sure to send chills up your spine. It gives new meaning to the words hilarious, and "spooky."

Customer Reviews

Starred Review. Klutzy bounty hunter Stephanie Plum teams up with mysterious Diesel and the monkey left on her doorstep to track down a nerdy genius and his sinister business partner in the depths of the New Jersey Pine Barrens. Lorelei King does her usual superlative job for the Evanovich oeuvre, adding juice and dimension to each wacky character. She deftly handles everyone, from bail bond receptionist Connie's classic New Jersey accent and outrageous sidekick Lula's brash outbursts to Ranger's smooth purr (it's amazing how he, as voiced by King, can make the word babe mean so many different things). The structures of Plum novels tend to be similar; it's the laughs that keep readers coming back. King enhances the humor of this series, so much so that Evanovich fans should consider putting down that book and plugging in the CD player instead. A St.

Those who know and love Stephanie, Ranger, Morelli, Lula, Bob the dog, Rex the hamster, and the rest of that wacky crew in Evanovich's Trenton-set series, have also clasped Diesel, who appears only in these "between-the-numbers" tales, to their collective hearts. Big, blond, dimpled, and paranormal, he flits into Stephanie's bail-bondswoman life with unnerving irregularity, and he has special powers that extend well beyond bounty hunting. This time Diesel has a cousin named Wulf, pale, black-clad, and dead-eyed, who has hidden a nerdy scientist and a lot of equipment in the New Jersey Pine Barrens. The repartee sparkles and shimmies from razor wit to toilet humor (and back again), and the plot involves mud, food tossing, explosive farts, occasional kissing, and hilarious (and true-to-life, alas) allergic reactions (that would be from Lula). A group of monkeys, and one in particular named Carl, figure mightily in the plot, in one instance actually making the stoic, understated Ranger burst into laughter. Don't miss Morelli's brother-in-law, the sly Star Trek and vampire tropes, and the Jersey Devil. Incredible amounts of fun. --GraceAnne A. DeCandido --This text refers to an out of print or unavailable edition of this title.

Definitely not as good as the numbered series, but still a fair read. I prefer Morelli & Ranger, but do wish she'd _____ or get off the pot with her choice between them! Lots of action in this one, but the first 'Diessel' one I've read, and felt I was missing something regarding the 'magic' at which the story hinted. ..? Will read the 1st to see if it's better, and choose to move on or not after that. (I got this for Halloween, but the title, like all/most of her titles did not apply.)

I've been reading the Plum series on and off for years, recommended to me by my mom. She's a but more versatile in her genres than I am. (And she's a lot less snobby about it. I can admit I am a bit of a book snob, and romances are usually not my first pick.) But the Plum series by Janet Evanovich is funny and easy to read. This particular book was no exception. The plot moves fast, it kept me interested the whole way through. It isn't fantastic literature, it won't make you cry or think about your life from a new perspective. But if you need a book to read on a long airplane ride, this and other Plum novels are a good choice. I also recommend getting the first books in the series at the library. Save some money as you catch up. That's a lot of books to buy!

I love Janet Evanovich books, which is why I read this book. She doesn't disappoint with this one.

It's funny and entertaining. I just love Carl, the monkey. I woke my husband up, while reading in bed, laughing.

Love anything Stephanie Plum. This was no exception. Easy, amusing read when I don't want anything heavy or cerebral. I love Diesel, but prefer him in the Wicked books. I just wish there were more of them.

It was a good book. Always like reading books about Ms. Plum. She is always in some kind of trouble. Ranger and Grandma Mazar was not in the book enough. Grandma is a hoot. I look forward to seeing how she is going to get out of trouble.

A fun addition to the numbers series. I love the Stephanie Plum character...she's funny, and gets into the most precarious situations. Always a good read and a good laugh.

This was a fast read as I could not put it down. Love love Stephanie and Lula. Highly recommended if you want an entertaining book.

This is a talented author who makes reading a whodunit fun - ull be buying more of her books soon
