Customer Reviews

This is a great study tool for pharmacology if one has time to do the exerciseI found it helpful when I actually did these. There needs to be an easier way toprint out the pages for one to print for their use

I am currently using this book and I am doing pretty good in my classes and I will use it even after my classes are over.Thank you,J. Felix

This book became my life in LVN nursing school. It was always with me in my backpack or my car. It has all the information you need to know to understand what medication you are looking for. LOVED IT

This book is brand new and at a great price. Use it for teaching and m able to make it my own.

Perfect

quick and fast service and great book perfect for my major and has great info and just as describe thanks again!!

What I needed!

The book was fine and it shipped great. However, when I opened it up the first couple of chapters had been written in! Not all thank goodness, but I thought I was paying for a new book, not a used.
