Customer Reviews

Book by Chris Tabraham (Editor)

A very nice guide about the Edinburgh Castle. It offers beautiful pictures along with nicely written text which explains the history of the Castle or other items.

Came in excellent condition even though I bought it for good condition. A great buy.

I refrained from purchasing this when I was in Edinburgh. I was able to get it at a fraction of what I would have paid there. The condition is better than expected and is better than I could have had even if I brought it home to the States. Excellent copy! Thank you!!

I recently returned from a trip to Edinburgh Castle, and purchased the official guidebook before I traveled there, and found it to be a great preparation resource. I highly recommend getting a copy of this guide book before you travel to the Castle, as it will allow you to appreciate the interior of the building and the layout of the whole Castle better. Like many official guides, there are appropriate photographs of major sections, a history of the castle. The real, sole weakness is an explanation of

the modern castle, and the lack of depth of information about the palace complex in the castle. The Scottish military museum section could be expanded as well, in future editions, as that part of the castle fulfilled its major function after the union of the crowns.
