Telling The Truth: A Book About Lying (Growing God's Kids)

Synopsis

Stories to Encourage Positive Behavior in Small Children
The preschool and kindergarten years are some of the most important formative years of a person's life. Habits and attitudes developed during these crucial years affect a child for the rest of his or her life. These years are also a challenging time for parents as their children test boundaries (and patience). How parents and children respond makes all the difference in the world. The Growing God's Kids series is designed to help young children understand their feelings, develop godly ways to deal with temptations, and form positive attitudes and behaviors that will serve them well in the future. In *Telling the Truth*, parents and children are encouraged to address lying and discover the value of telling the truth.

Discover the value of telling the truth
Sometimes Max says things that he knows aren't true. He lies to his mom, his teacher, and other kids. He lies because he thinks it will make things easier on him. But lying is wrong, and it never quite turns out the way Max expects. . . Come and learn a better way to handle the truth--God's way!

Have enjoyed reading these to my 3yr old daughter. They have "lessons" and discussion points built into them. There is some minor "God talk" which you can easily convert to "mommy & daddy say" or "society says" etc... if you so choose. I did expect religious references when I purchased as the author is Christian. I am pleased that the references are minor.

This has been really helpful for my 4 year old- just a reinforcement for what the truth and a lie actually is, and then why it's so important to tell the truth. Hearing it from someone other than me is so helpful I think, and the Bible verse that goes along with it is great.

Nice book

Great book to teach kids about the importance of telling the truth.

Great and Christian centered book

In 1983, Stan and Jan Berenstain wrote their bestselling book, The Berenstain Bears and the Truth, about a boy who disobeyed the rules by kicking a soccer ball in the house and breaking a lamp, then lied about it to his mother. I have to wonder why this author used the exact same plot scenario but added Scripture to the book...? She couldn't think of her own original story line? While I am all for Bible-based books, this is too close to plagiarism for me. I would have purchased the book if it was at all different. A girl instead of a boy, a basketball instead of a soccer ball, broke a vase instead of a lamp... come on, it's just too copycat.

My son is 6 and really responds to the lessons in these books.
