Customer Reviews

Make Believe Ideas, Ltd. is a publishing company focused on producing exciting, interactive books that both inspire and encourage children to learn and develop. Many of the Make Believe titles include sensory elements that are educational and playful.

This is a great little book with a similar concept to "Ten Little Ladybugs," where turning each page causes one frog to disappear. The frogs have soft, rubbery heads that my daughter loves to touch and press! The illustrations are cute and colorful, and it's fun to sing the words. Simple and short enough for even young infants to enjoy before they get bored 5 minutes later :)
