DIY Crafts (2nd Edition): The 100 Most Popular Crafts & Projects That Make Your Life Easier, Keep You Entertained, And Help With Cleaning & Organizing!

Synopsis

This is the **ONLY** crafting book you will need, containing a variety of 100 popular DIY projects so you **NEVER** run out of craft ideas! What if you could have a book that has so many craft ideas and instructions, that you could reference it throughout the entire year for different DIY project ideas? Imagine becoming an expert at crafting - turning your passion into a hobby - maybe even selling some of your creations on Etsy or at local markets! All of this is possible with these 100 very popular craft projects. Multi-time best selling arts & crafts author and influencer, Kitty Moore, has put together her fans' favorite crafts from over the last few years and compiled this best selling book. One of the most popular influencers in the space, and incredibly popular on craft forums, blogs, social media, etc., Kitty has landed a winner here. Best of all is that she updates it each year, so you're purchasing the latest version for this year! If you're struggling with creativity - and want some new craft ideas... If you want to show off your "craftiness" or want to put your skills to good use... Or if the idea of receiving a full list of ready-to-go crafts appeals to you... **THEN THIS BOOK IS FOR YOU!** This book is the 2nd edition created by Kitty just for her fans - which means **NEW & UPDATED** crafts! In this book, you will get: Images of all crafts so that you can follow instructions easier and see the finished product before beginning. A comprehensive list of different types of projects so you have some variety in your crafting endeavors. Detailed step-by-step instructions for each craft, so that anyone can follow along (even if you have never done crafts before) Kitty's personal email address for customer support so you can reach out and ask questions And much, much more... So what are you waiting for? Get your copy of this book today by clicking the **BUY NOW** button at the top of this page!

Customer Reviews

DIY Crafts (2nd Edition): The 100 Most Popular Crafts & Projects I like the idea of the book but when you have to click to go to an online site that is not cool with me, include the picture in the booklet you wrote. Maybe they don't own the instructions and are copying others work but are giving them credit ? I don't want to sign up to a newsletter, I just want to see the finished item picture. Good projects for kids to do with adults.

Why waste time watching TV or sitting around doing nothing when you can learn new crafts and be productive with your time. This book is an excellent resource for many different types of crafts to make with your hands. Great for the creative types or if you want to take on new hobby, then this gem of a book will be great way to start learning. Comes with directions and easy to read explanations, and handy reference list. There are a wide variety of different crafts available, so I do recommend checking this book out.

You have to give away your email on a whole different site to even see if you want to put in the effort or money to do a project not worth the money

I have a lot of free time lately and decided to do something creative. Good thing I bought this book to help me in my creative process. The crafts are simple to make and they're fun to do with friends. I enjoy doing the upcycling-related crafts so I can re-purpose materials I have at home. Some of the final products are also good for personalized gifts for friends and family. I can't wait to try them all - one has for every occasion. A great source of projects for family bonding.

DIY for the clueless, maybe. Plus, do I WANT to go find pictures elsewhere?

This book is awesome..seriously.... honestly I never considered myself a mother who does crafts ..type of person.. But I always wanted to know how my cousin made candles and my aunt knitted things... I didn't expect much when I began reading this.. I thought this book would consist of hard to follow instructions on how to craft things.. boy was I wrong... I was stomped when I found out this book consist of easy to follow step by step ways to create crafts.. I found myself thinking" omg all these years and this was all it took!".. This book is amazing as well as simple to follow . My favorites are Happy cards, french knitting, paper tissue flowers, and upcycle egg boxes..

alot of useful crafts that are child friendly. love the way its layed out making its easier to follow direction

Good read.
