Very nice grayscale book. Good variety of beautiful homes to color.

Not grey scale just black and white photos

This is my first attempt at grayscale coloring. I still have a lot to learn.I saw this book on Facebook

that a friend posted and that's when I went to buy the book. Every page is beautiful. There is not one page that I don't like. I plan to finish this wholebook. I'm a sharpie and marker color person. I was told to use pencils. I need to learn how to use my pencils better. I think for first time this was good. The designs are gorgeous. The pictures are printed on one side only. The paper is not perforated but it was still easy for me to tear out. If you love home designs you will love this book.
